Mrs.S.Oettinger,

New York.

Dear Mrs.Oettinger:-

As you know,Mr.Saltus purchased the Red Cross medals and decorations collected by Professor Oettinger and presented them to this Society.

We find considerable difficulty in locating a number of them,and it occurred to me that,possibly you might have some catalogue or check list that he used,that would help us in arranging and cataloguing them.

If you have any thing of the kind and will let us have the use of it,it will help us very much and I will see that it is duly returned to you,if you desire to retain it.

With kind regards,I am,believe me,

Sincerely yours

Recording Secretary.

Mrs E. Gottheil,
140 West 94th Street,
New York.

Dear Mrs. Gottheil:-

I have just received your letter of the 12th instant.

We would be glad to have the Senarff collection remain where it is during the summer and I am glad to hear that it is agreeable to you.

I have a little paragraph about it in the report of the May meeting, which will be in the next number of the American Journal of Archaeology, and may possibly call some one's attention to it.

I hope that you will have a most pleasant summer, and with kind regards,

I am, believe me,

Very sincerely yours

Director.
